Notes:

1. The proposed code has Article II being deleted in its entirety, as these regulations are more appropriate to zoning.
2. While Article XIV does not adopt any one specific code governing green buildings, it does reference code-like standards such as the Leadership in Energy and Environmental Design (LEED) green building rating system, the National Green Building Standard (NGBS) from the ICC and NAHB, the U.S. Environmental Protection Agency's Energy Star program, etc.
